

In-person classes for Fall 2022 semester

During the Fall 2022 semester, the Center will have onsite classes for the following programs:

Effective August 26, 2022

- High School Equivalency – at least one class is in-person (*hybrid program - remote and onsite)
- Medical Assisting – all classes are in-person
- Medical Billing and Coding – at least one class is in-person (*hybrid program - remote and onsite)
- Office Administrative Professional – all classes are in-person

Effective October 27, 2022

- Direct Support Professional – labs are in-person (*hybrid program - remote and onsite)
- Patient Care Technician – all classes are in-person

*Hybrid programs have a combination of in-person and remote classes, so students must be vaccinated.

Categories for vaccination status:

1. Fully vaccinated: Considered fully vaccinated 14 days after final dose of vaccine**
2. Vaccinated: Completed one of two doses **or** not yet completed 14 days after final dose
3. Exempted or waived: Received official BEOC approval for an exception to the vaccination requirement

**Students are encouraged to get their booster doses as recommended by the CDC and NYS Health Dept.

General requirements for students attending in-person classes/activities at BEOC:

- Students attending in-person classes or activities should be fully vaccinated (two weeks after final dose)
- Students who are not fully vaccinated (see vaccination category 2 above) by the time they come on campus must request permission to take weekly Covid-19 test until they reach fully vaccinated status
- Students who are not vaccinated due to documented medical or religious reasons must apply for a waiver by completing an application and providing the appropriate supporting documentation. Note that exemptions are not granted automatically and will take some time to be processed
- Instructions on how to upload vaccination proof or request an exemption from the vaccination requirement, will be provided directly to students by email or postings in Schoology

Feeling sick or tested positive for Covid

- Students who experience flu-like symptoms such as persistent cough, chills or a positive Covid test, should stay home and **not** come to in-person classes or activities
- Students who receive positive test results should contact an advisor at advisors@beoc.cuny.edu.

Questions regarding vaccination status should be emailed to CampusAccess@beoc.cuny.edu
