BEOC Annual Overview:

During the academic year of 2021-2022, we reopened our official GED test site for BEOC students. We received approval to offer a new program, Patient Care Technician. We implemented an externship program for Medical Assisting students to enhance their preparedness for employment.

As the pandemic continued, we returned gradually to more in-person classes and activities. Teaching, tutoring, academic and career advisement, college access, and job placement services were offered virtually and in-person. In addition to classes, we offered workshops and seminars to support student professional development, health, and wellness. We continued to develop and enhance our relationships with our community partners.

Academic/Instructional Technology:

ATTAIN (Advanced Technology Training And Information Networking) Lab
Learning Management System
Smart classrooms including Smart Board technology and multi-media workstations

Student Support Services:

Academic and Career Advisement; College Connections/Pathways to College
Library/Learning Resources Center: tutoring, open and structured labs, workshops, internet access
Student Development Workshops and Seminars; Student Life activities and events; peer mentoring

Career Services:

Externship, Internship, and Job Placement Assistance
Job Readiness Training (JRT)
